DEFINITIONS
The following may be used interchangeably in the specifications:
County/Columbiana County/Health Department/Board of Health/Health Commissioner/Owner
Bid/Proposal
Project/Work

INVITATION TO BID
The Invitation To Bid is incorporated by reference in these Instructions.

RELATED LAWS, REGULATIONS
It is expected that bidders on County construction are familiar with applicable local, State and Federal laws, ordinances and regulations. Consequently, only special State or Federal agency regulations, if any, are included in the specifications.
(This page may be photocopied, but not retyped)
OHIO SALES TAX
The County is exempt from the payment of the Ohio Sales and Use Tax. Consequently, the cost of such is not to be included in the proposal.

PERMITS, FEES
The Contractor shall obtain and pay for all permits, fees and licenses necessary for the performance of his work on the project, and the cost of such may be included in the proposal. NPDES Systems will require a 5 year service contract.

SUBCONTRACTORS
Subcontractors at any tier are required to comply with the County’s Insurance Specifications which, unless stated differently, are the same as those required of Prime Contractors.

TIME OF COMPLETION
Contractors shall complete the Project work within 120 calendar days after receipt of notice to proceed. In those few instances when the completion date is not specified but solicited in the proposal such date shall be confirmed in the executed Construction Contract.

LIQUIDATED DAMAGES
The County will suffer additional costs if the project is not substantially completed within the time specified. As a condition to the acceptance of the Contract, each contractor and its surety shall be liable for and pay the County liquidated damages in the amount of $500.00 for each day the Project remains in an unfinished condition beyond the Time for Completion set forth in these Instructions to Bidders. Such amount may be deducted by the County from any payment due or to become due to said Contractor. Nothing under this section shall prohibit the County from recovery of damages for delay under other provisions of the Contract documents. Punch list items must be completed within 30 days after a substantial completion acceptance, signified by a written inspection report by the County’s representative, to avoid imposing liquidated damaged penalties.

The said amount is fixed because of the impracticability and extreme difficulty of determining and fixing the actual additional costs the County would in such event sustain, and said amount is agreed to be the amount of damages which the County would sustain and shall not be treated as retainage.

(This page may be photocopied, but not retyped)
Time is of the essence for each and every portion of the Project and of the Specifications wherein a definite and certain length of time is fixed for the performance of any act. Where an additional time is allowed for the completion of any Work, the new time fixed by such extension shall control.

The Contractor shall not be charged with liquidated damages when the County determines the Contractor is without fault and the Contractor’s reasons for the time extension are acceptable to the County, providing the Contractor shall, within ten (10) days from the beginning of such delay, notify the County, in writing, of the causes of delay.

All such extensions of time shall be by fully executed Change Orders.

UNIT PRICES
When unit prices are requested, the following applies:

The unit prices specified in the unit price bid column will govern the award of the contract. The bidder shall make the calculations in the total amount bid column and also add up the total. However, the unit price specified together with the approximate quantities shall determine the total amount of the bid. If there is an error made in the extensions by the bidder the total shall be changed as only the unit prices shall govern.

ADDENDUM
Any interpretation, correction or change in the plans and specifications will be made by addendum. When an addendum is required the CCGHD, will forward it to those who earlier obtained a complete set of plans and specifications, 1) by certified mail, return receipt requested, or 2) by personal delivery, obtaining a signed receipt for same. No addendum will be issued to bidders having incomplete sets of plans and specifications.

PROPOSAL FORM
The proposal form included in the Specifications shall be used by all bidders. All blanks on the form shall be stated in both words and figures, and in the event of any discrepancy between the two, the amount written in words shall govern. Any interlineations, alteration or erasure shall be initialed by the signer of the proposal.

PEDACKN (Revised 6/2017)
STEP 3: Acknowledgment

The public employer identified in Step 2 has identified you as an independent contractor or another classification other than a public employee. Ohio law requires that you acknowledge in writing that you have been informed that the public employer identified in Step 2 has classified you as an independent contractor or another classification other than a public employee for the services described in Step 2 and that you have been advised that contributions to OPERS will not be made on your behalf for these services.

In accordance with Ohio Administrative Code section 145-1-42(A)(2), an independent contractor means an individual who:

- Is a party to a bilateral agreement which may be a written document, ordinance or resolution that defines the compensation, rights, obligations, benefits and responsibilities of both parties;
- Is paid a fee, retainer or other payment by contractual arrangement for particular services;
- Is not eligible for workers' compensation or unemployment compensation;
- May not be eligible for employee fringe benefits such as vacation or sick leave;
- Does not appear on a public employer's payroll;
- Is required to provide his own supplies and equipment, and provide and pay his assistants or replacements if necessary;
- Is not controlled or supervised by personnel of the public employer as to the manner of work; and
- Should receive an Internal Revenue Service form 1099 for income tax reporting purposes.

An independent contractor is not a public employee and shall not become a contributor to the retirement system. If you disagree with the public employer's classification, you may contact OPERS to request a determination as to whether you are a public employee eligible for OPERS contributions for these services. Ohio law provides that a request for a determination must be made within five years after you begin providing personal services to the public employer, unless you are able to demonstrate through medical records to the Board's satisfaction that at the time the five-year period ended, you were physically or mentally incapacitated and unable to request a determination. Under the OPERS Health Reimbursement Arrangement (HRA) and the OPERS Retiree Medical Account (RMA), re-employed retirees who are not independent contractors are not eligible for a monthly allowance or reimbursement of any medical expenses incurred during the re-employment period. If you are not an independent contractor and receive an allowance or reimbursements, you may be liable to OPERS and/or the applicable plan.

By signing this form, you are acknowledging that the public employer for whom you are providing personal services has informed you that you have been classified as an independent contractor or another classification other than a public employee and that no contributions will be remitted to OPERS for the personal services you provide to the public employer. If you entered into a contract to provide services as an independent contractor, you are acknowledging that you meet the requirements of an "independent contractor" as that term is defined in Ohio Administrative Code section 145-1-42(A)(2). If you begin to provide services as an independent contractor to the same employer from which you retired, or to any employer if less than two months after the retirement allowance commences, you are acknowledging the pension portion of your benefit will be forfeited during the period of the contract. You are acknowledging that the annuity portion of your benefit will be suspended and will be paid in a lump sum upon termination of the contract, and you may be liable to the retirement system for any amounts incorrectly paid from the plan(s). You are also acknowledging that you are not eligible for a monthly allowance or reimbursement of medical expenses incurred during the period you are providing services under the OPERS HRA or the OPERS RMA, and you may be liable to OPERS and/or the applicable plan for any allowances or reimbursements received. This acknowledgment will remain valid as long as you continue to provide the same services to the same employer with no break in service regardless of whether the initial contract period is extended by any additional agreement of the parties. You also acknowledge that you understand you have the right to request a determination of your eligibility for OPERS membership if you disagree with the public employer's classification. This form must be retained by the public employer and a copy sent to OPERS. The public employer's failure to retain this acknowledgment may extend your right to request a determination beyond the five years referenced above.

GENERAL CONDITIONS FOR COLUMBIANA COUNTY BOARD OF HEALTH PROJECTS.

1. DEFINITIONS
Whenever used, the following meanings shall be given to the terms herein defined:
A) The term “Contract” means the contract executed by the Local Public Agency and the Contractor.

B) The term “Local Public Agency” means the Columbiana County Board of Health, Lisbon, Ohio, which is authorized to undertake this contract.

C) The term “Contractor” means the person, firm or corporation entering into the Contract with the Local Public Agency to perform the work of said contract set forth in the Specifications.

D) The term “Local Government” means the Columbiana County Board of Health, Lisbon, Ohio, within which the project area is situated.

E) The term “Technical Specifications” means that part of the Specifications which describes, outlines, and stipulates the manner and methods to be employed in the work.

2. SUPERINTENDENCY BY CONTRACTOR
Except where the contractor is an individual and gives his personal superintendence to the work, the contractor shall provide a competent superintendant, satisfactory to the Local Public Agency and the County, on the work at all times during working hours with full authority to act for him. The contractor shall also provide an adequate staff for the proper coordinating and expediting of his work.

The contractor shall schedule the contracted work directed by the Local Public Agency and shall be responsible for all work executed by him under the contract.

3. OTHER CONTRACTS
The Local Public Agency may award, or may have awarded, other contracts for additional work and the contractor shall cooperate fully with such other contracts, by scheduling own work with that to be performed under other contracts as may be directed by the Local Public Agency. The contractor shall not commit or permit any act which will interfere with performance of work by any other contractor as scheduled.

4. BREAKDOWN OF CONTRACT PRICE, PROGRESS SCHEDULE, AND NOTICE TO PROCEED
a) Breakdown of Contract Price

A breakdown of the individual cost per item, where designated, is to be furnished by the contractor on the “Bid Sheet” form. This breakdown is needed to furnish a partial payment by the Columbiana County Board of Health, Lisbon, Ohio, to the contractor when applicable.

b) Notice to Proceed
After execution of the contract, a Notice to Proceed will be issued to the contractor, which shall fix the starting and completion dates therefore in accordance with the contract time established in the “INSTRUCTIONS TO BIDDERS” contained herein.

5. PAYMENTS
   a) Full Payment

   The contractor shall prepare his invoices for full payment, to the County for approval. The payment shall consist of 100% of the entire amount of the contract for all work completed to date as provided on the Bld Sheet cost.

   b) Withholding Payments

   The Columbiana County Board of Health, before making any payments, may require the contractor to furnish releases or receipts from any of all persons performing work and supplying material or services to the Local Public Agency. However, the Columbiana County Board of Health may make payment in part or in full to the contractor without requiring the furnishing of such releases or receipts and any payments so made shall in no way impair the obligations of any surety or sureties on any bond or bonds furnished under this contract.

Payments Subject to Submission of Certificates

   Each payment to the contractor by the Local Public Agency shall be made subject to the following:

   1. Submission by the contractor of all written certificates required of him.

   2. No payment made under the contract shall act as a waiver of the right of the Local Public Agency to require the fulfillment of all terms of this contract.

6. CHANGES IN THE WORK
   a) The Local Public Agency may make changes in the scope of the work required to be performed by the Contractor under contract by making additions thereto, or by omitting work therefrom, without invalidating the contract, and without relieving or releasing the contractor from any of his obligations under the contract or any guarantee given by him pursuant to the contract provisions, and without affecting the validity of the guarantee bonds, and without relieving or releasing the surety or sureties of said bonds provided that the total net amount of the change does not change the contract amount by more than 25 percent. All such work shall be executed under the terms of the original contract unless it is expressly provided otherwise.

   b) Except for the purpose of affording protection against any emergency endangering health, life, or property, the contractor shall make no change in the work, provide any
additional work, or supply additional labor, services, or materials, beyond that actually required for the execution of the contract, unless pursuant to a written formal change order from the Columbiana County Board of Health authorizing the change, no claim for an adjustment of the contract price will be valid.

If applicable unit prices are contained in the contract (established as a result of either a unit price or a Supplemental Schedule of Unit Prices submitted with a lump sum bid) the Local Public Agency shall order the contractor to proceed with the desired changes in the work, value of such changes to be determined by the measured quantities involved and the applicable unit prices specified in the contract; provided that in case of a unit price contract the net value of all changes does not increase or decrease the original total amount shown in the contract by more than 25 percent. When extra work items are not stipulated in the Approximate Quantities or compensation covered under unit prices, the amount to be paid for extra or additional work shall be agreed upon by both Contractor and the Local Public Agency.

d)) Each change in the work shall be documented by an executed change order, which shall include:

1. A detailed description of the change in the work.
2. A definite statement as to the resulting change in the contract price and/or time.

7. CLAIMS FOR EXTRA COST
   a) If the contractor claims that any instructions involve extra cost or extension of time, he shall, within ten (10) days after receipt of such instructions, and in any event before proceeding to execute the work, submit his protest thereto in writing to the Local Public Agency, stating clearly and in detail the basis of his objections. No such claims will be considered unless so made.

   b) Any discrepancies which may be discovered between actual conditions shall at once be reported to the Local Public Agency and work will not proceed, except at the contractor's risk, until written instructions have been received by him from the Local Public Agency.

   c) If, on the basis of available evidence, the Local Public Agency determines that an adjustment of the contract price and/or time is justifiable, then the procedure shall be as provided for as found in CHANGES IN THE WORK.

8. TERMINATION, DELAYS, AND LIQUIDATED DAMAGES
   a) Termination of Contract

If the contractor refuses or fails to carry out the work with such diligence as will ensure its completion within the time specified in these contract documents, plus any extension therefrom as provided in these contract documents, the Local Public Agency, by written notice to the contractor, may terminate the contractor's right to proceed with the work. Upon such termination, the Local Public Agency may take over the work and carry out the same to completion, by contract or otherwise, and the contractor and his sureties shall be liable to the Local Public Agency in its completion of the work as provided below. If the contractor's right to
proceed is terminated, the Local Public Agency may take possession of and utilize in completing the work such materials, tools, equipment, and plant as may be on the site of the work and necessary therefore.

b) Liquidating Damages for Delays

If the work is not completed within the time stipulated in the NOTICE TO PROCEED, including any extensions of time for excusable delays as herein provided or reduction in the time due to omission of part of the work, the contractor shall pay to the Local Public Agency as fixed agreed and liquidated damages (it being impossible to determine the actual damages occasioned by the delay) for each calendar day of delay until the work is completed, the amount of five hundred dollars ($500) per day and the contractor and his sureties shall be liable to the Local Public Agency for the amount thereof.

c) Excusable Delays

The right of the contractor to proceed shall not be terminated nor shall the contractor be charged with liquidated damages for any delays in the completed work due:

1. To any acts of the government, including controls or restrictions upon or requisitioning of materials, equipment, tools, or labor by reason of war, national defense, or any other national emergency.

2. To any acts of the Local Public Agency.

3. To cause not reasonably foreseeable by the parties to this contract at the time of the execution of the contract which are beyond the control and without the fault or negligence of the contractor, including but not restricted to acts of God or the public enemy, acts of another contractor in performance of some other contract with the Local Public Agency, fires, floods, epidemics, quarantine, restrictions, strikes, freight embargoes, and weather of unusual severity as hurricanes, tornadoes, cyclones, and other extreme weather conditions; and

Provided however, that the contractor promptly (within ten (10) days) notifies the Local Public Agency, in writing, of the causes of delay. Upon receipt of such notification, the Local Public Agency shall ascertain the facts concerning the cause of the delay and the extent to which completion of the project as a whole has been delayed. If the facts show the delay to be properly excusable under the terms of the contract, the Local Public Agency shall extend the contract time by a period commensurate with the period of excusable delay.

9. DISPUTES

a) All disputes arising under this contract or its interpretations, except those disputes of claims covered by the U.S. Department of Labor for federal and federally assisted projects whether involving law or fact or both, or extra work, and all claims for alleged breach of contract shall, within ten (10) days of commencement of the dispute, be presented to the contractor to the Local Public Agency for decision. All papers pertaining to claims shall be filed in quadruplicate. Such notice shall not detail the amount of the claim but shall state the facts surrounding the claim in sufficient detail to identify the claim together with its character and scope. In the meantime, the contractor shall proceed
with the work as directed. Any claim not presented within the time limit specified within the paragraph shall be deemed to have been waived, except that if the claim is of a continuing character and notice of the claim is not given within ten (10) days of its commencement, the claim will be considered only for a period commencing ten (10) days prior to the receipt by the Local Public Agency or notice thereof.

b) The contractor shall submit in detail his claim and his proof thereof. Each decision by the governing body of the Local Public Agency will be in writing and will be mailed to the contractor by registered or certified mail, return receipt requested, directed to his last known address.

10. TECHNICAL SPECIFICATIONS
In the case of any discrepancy in Technical Specifications, the matter shall be immediately submitted to the Local Public Agency for decision. Said discrepancy shall not be adjusted by the contractor, save only at his own risk and expense.

11. REQUESTS FOR SUPPLEMENTAL INFORMATION
It shall be the responsibility of the contractor to make timely requests of the Local Public Agency for any additional information not already in his possession which should be furnished by the Local Public Agency under the terms of this contract, and which will be required in the planning and execution of the work. Such requests may be submitted in writing from time to time as the need is approached, but each shall be filed in ample time to permit appropriate action to be taken by all parties involved so as to avoid delay. The contractor shall be fully responsible for any delay in his work or to others arising from his failure to comply fully with the provisions of this section.

12. ACCIDENT PREVENTION
The contractor shall exercise proper precaution at all times for the protection of all persons and property and shall be responsible for all damages to persons or property, either on or off the site, which occur as a result of his fault or negligence in connection with the execution of the work. The safety provisions of applicable laws and building construction code shall be observed and the contractor shall take or cause to be taken such additional safety and health measures as the Local Public Agency may determine to be reasonably necessary. Machinery, equipment and all hazards shall be guarded in accordance with the safety provisions of the “Manual of Accident Prevention in Construction” published by the Associated General Contractors of America, Inc., to the extent that such provisions are not in conflict with the applicable local laws.

The contractor shall maintain an accurate record of all cases of death, occupational disease, and injury requiring medical attention or causing loss of time from work arising out of and in the course of employment on work under the contract. The contractor shall promptly furnish the Local Public Agency with reports concerning these matters.

The contractor shall indemnify and save harmless the Local Public Agency from any claims for damages resulting from personal injury and/or death suffered or alleged to have been suffered by any person as a result of any work conducted under this contract.

The contractor shall furnish, install, and maintain ample sanitary facilities for the workmen. As the needs arise, a sufficient number of enclosed temporary toilets shall be conveniently placed as required by the sanitary codes of the state and local governments. Drinking water shall be provided from an approved source, so piped or transported as to keep it safe and fresh and serviced from single service containers or satisfactory types of drinking stands or fountains. All such facilities and services shall be furnished in strict accordance with existing and governing health regulations.

14. USE OF PREMISES
The contractor shall confine his equipment, storage of materials, and work operations to the limits prescribed by ordinances or permits or as may be directed by the Local Public Agency and shall not unreasonably encumber the premises with his salvaged material.

The contractor shall comply with all reasonable instructions of the Local Public Agency and the ordinances and codes of the Local Public Government regarding signs, advertising, traffic, fires, explosives, danger signals, barricades, and fire prevention. 15. REMOVAL OF DEBRIS, CLEANING, ETC.

All rubbish and debris found on the work site at the start of the work, as well as that resulting from the contract activities or deposited on the site by others during the duration of the contract, shall be removed and legally disposed of by the contractor, who shall keep the project area and public rights-of-way reasonably clear at all times. Upon completion of the work, the contractor shall remove all temporary construction equipment, salvaged materials, trash, and debris of all kinds, leaving the entire project area in a neat condition. Trash burning on the site will be subject to prior approval of the Local Public Agency and in accordance with existing state and local laws. With the consent of the Local Public Agency, the contractor may use suitable debris for specified fill. Perishable matter must not become a part of any fill placed or left on the site.

16. REVIEW BY LOCAL PUBLIC AGENCY
The Local Public Agency, its authorized representatives shall at all times have access to and be permitted to observe and review all work, materials, equipment, payrolls, personnel records, employment conditions, and other relevant data and records pertaining to this contract; provided, however, that all instructions and approvals with respect to the work will be given to the contractor only by the Local Public Agency through its authorized representatives or agents.

Sections 2.1 through Section 2.2 and Sections 3.1 and 3.2 of the WPCLF Assistance Agreement lists requirements for construction contracts, including the obligation to include access for Ohio EPA and to ensure the contract is in compliance, and consistent, with the terms of the WPCLF Assistance Agreement. The following "access" language is required to be included verbatim: "The signatories agree to ensure that the Director or its duly authorized agents shall have the right at all reasonable times to enter upon the Project Site(s) and Project

The following “conflicts” language is required to be included verbatim: “In the event of a conflict between the contract and the WPCLF Assistance Agreement, the provisions of the WPCLF Agreement shall prevail.”

17. FINAL INSPECTION
When the work of the contract is substantially completed, the contractor shall notify the County in writing that the work will be ready for final inspection of a definite date, which shall be stated in such notice. The notice shall bear the signed concurrence of the representative of the Local Public Agency having charge of inspection and shall be given at least ten (10) days prior to the date stated for final inspection. If the Local Public Agency determines that the work of the contract is as represented, it will make the arrangements necessary to have final inspection commenced on the date stated in such notice, or as soon thereafter as is practicable.

18. DEDUCTION FOR UNCORRECTED WORK
